

May Day

D21014

GINGA SHIBAHARA

I slipped out of the dark alley and now I'm on stage

The light that didn't reach me, they had nothing

The echoing sound, there is a queue outside

A customer is calling me

braid your hair until it's your turn

The show that opens on the stage sleeves

Once it's over, success will become a thing of the past.

Step forward to the next stage

操り人形・marionnette

The package in my pocket that I keep hidden away

I'll handle it, but it's not worth it

That Coogi that was fake

I can't help it, it's for the money.

I haven't forgotten today either

Everyone is an amateur at first

Backstage, I was on the edge.

The show is now overcrowded

Long hair getting ready in the dressing room

The atmosphere in the venue rises, standing on the wings of the stage

A spoon that was about to be thrown

If I was throwing it, it wouldn't be there now.

I don't have time to mourn, that's why I threw the dice

There was nothing but baseless confidence

The end of the live show where we make money on stage and make noise again

The life I dreamed of

That day was empty

I have something in my hands that I didn't have before

In my hometown without being able to buy an umbrella

The boy's body gets wet in the rain

Thema

I wet my cheeks and the night dawns

With an increased amount of Pocket Bands

Boss rains rain on your ass

The snow that accumulates is pure cocaine

The rain I shower on is Poppin' champagne

In the bed while he was sleeping

自分の気持ちや考えを伝えられず

A gun made his heart sleeping

Three days and three nights in the hideout

The moment you used to hone your skills

塞ぎ込み堕ちていく

The guy next to me is a dealer and doesn't make any money, so I'm fine with it.

儚くも美しい様子を

Until the morning when I was held from the rusty elevated overpass

Corner where he still can't get out

服とメイクで表現

I'm afraid of getting

I cover my ears to the screams of the city

Breath with a cigarette in your mouth

All the things I can't agree with

Being swallowed up by the city that wakes up

When I wake up, it's all over again

The money in my pocket is gone

working to eat

legs dyed black

Stick your neck out above the gray sky

take a deep breath

Draw a dream and fall asleep

*That day is low key
I'm the same as you
So life size*

本当の自分ってなんなの？

I would have entered without this one.

夢を願えば誰かがいつも言う

I'm taking my daughter and son across the ocean

”おかしなことはやめろ、普通に生きる”

Even if the scenery I dreamed of is right in front of my eyes, it's not a dream

普通ってなんなの？誰かに決められた

I'm a Hood star from the bottom

通りに生きることが普通なら・・・

How many times have I experienced heart brake with this guy?

Look at your tattered work clothes.

Don't tie me up, Police or Government.

心を閉ざして、目を閉ざして生きよう。

DesignProposal

Design Approach

布を糸で吊りあげて自分で動けない不自由さと
操り人形の雰囲気表現したい・・・

裾の吊りあげる位置を変えてシルエットの変化を
確認。

しつけ糸・ワイヤー・シーチングを使用

It's a wonder that I'm alive.

After all, the fish drowned and died.

DesignApproach II

To my younger self, who doesn't know anything

I have to sing what I see with my eyes

I can do it even in the depths of hell

To my younger self, who doesn't know anything

I have to sing what I see with my eyes

I can do it even in the depths of hell

To my younger self, who doesn't know anything

I have to sing what I see with my eyes

L字金具で背中に刺す棒と十字に組んだ木材を固定する。

十字の先端から糸を垂らすため糸を通すための穴を開ける。目立たないように金具や穴はなるべく小さいものを選んだ

Technique 1

十字相欠き継ぎ

木材の中心と中心を十字に合わせて重なる部分に
同じ深さの溝を彫る (ノコギリやノミが便利)
溝が彫り終わったら紙やすりなどで整える
角をハンマーで軽く叩くと外れにくい

正面から見て木材が十字になるように
作っていたが裾を吊りあげた際に

シルエットがあまり綺麗ではなかった。

また、糸がモデルの顔に被ってしまい

見栄えがよくないため、正面から見て

クロスになるようにした。

ため、本番では下に1枚スカートを履きそのスカートも

ヘッドピースは今回の作品において、世界観を表現する重要なパーツ最初は紙粘土で制作したが完成度、耐久性に欠けることから石膏で作ることにした・・・しかし石膏は手のリアリティは出たが重さとこちらも耐久性に欠ける
